### ABOUT ME

Full-Stack Developer with a strong background in UX/UI Design, fully oriented to Front-End Development. I have experience working with JavaScript, React, Redux, NodeJS, Express, PostgreSQL y other technologies. I'm a curious and creative person, who likes to build and break things just to know how these are made, and I consider myself as a team player and positive leader.

### TECHNOLOGIES & TOOLS

JavaScript, React, Node, HTML, CSS, Redux, Express, Sequelize, PostgreSQL, Tailwind, Bootstrap, MaterialUI, Figma.

### Currently learning

TypeScript, React Native, Angular, Next.js
